Good Evening Girls and Boys … Moms and Dads,
I am Dr. Judy, and glad you will be traveling with The Greedy Triangle on his shapeshifting journey tonight.

1. **But before we get started**, you need a few supplies--a few crayons or pencils and a piece of paper. While you are gathering these supplies, let’s listen …

   *I see new shapes everyday* song.
   
   https://www.youtube.com/watch?v=BKfcEdMO380

2. **Look around your house** and see what shapes you can find.

   ****I spy a “circle.”**** What shapes did you “I spy” in your house?
While we listen to the story of *The Greedy Triangle*, draw the shape you would like to be.

What shape would you like to be? What superhero shape?
II. Here we go
https://www.youtube.com/watch?v=kPuI4XyyZUE

How many shapes can you find in these pictures?
Let’s continue to listen to the story
https://www.youtube.com/watch?v=kPuI4XyyZUE
Let’s share out your favorite shape or superhero shape you drew.

Who wants to share his/her favorite shape or superhero shape?

Everybody hold up to your camera their drawing.
Do you think the triangle is greedy? Why or why not?

How many times did the triangle go to the shapeshifter?

What different shapes did the triangle become?

Why are shapes important?
Time to say goodbye.
May want to check out these books for more shape books!
• Great job
  • listening to the story.
  • sharing your shapes!
  • going on the I spy shape hunt in your house!
  • making different shapes.

• Thank you for joining me tonight and *The Greedy Triangle*!
